TAFT ADDRESSES GREAT CROWDS AT PETERSBURG

During Course of Speech He Made Reference to Tariff and "Revenue vs. Protection."

PETERSBURG, Va., May 20.—Driving over historic roads and battlefields through clouds of choking white dust, which at times resembled the wind-blown smoke of battle, President Taft yesterday attended the unveiling of a shaft of granite and an heroic figure in bronze placed on the bloody battle ground at Fort Mahone to commemorate the valor and heroism of Gen. John F. Hartranft and the Pennsylvania soldiers of the third division of the Ninth Army Corps of the Union Army.

He addressed there a notable gathering of weather-beaten and time-grizzled old veterans in the blue of the North and the gray of the South and was acclaimed through the thronged streets of Petersburg in the most splendid greeting he has had since his inauguration.

Later he was guest of honor at an al fresco luncheon served on the magnificent oak-shaded lawns of one of the most beautiful old homes in all the South and finally standing on a knoll of Center Hill mansion facing a multitude which apparently represented all of Petersburg and a goodly portion of many of the surrounding cities, he made an earnest plea in the long twilight for self-sacrificing and non-partisan support of the reunited and common country.

A Day of Bond-Strengthening.

"It has been a great day," he declared last night, "not alone for Petersburg, for Pennsylvania or Virginia, but in the history of the whole country; a day which will conduce to a greater union—a day to make stronger our common love for our common country for which all of us when necessary are ready to die."

The President's speech at the Pennsylvania memorial at the base of which was gathered many of the veterans of the Keystone State and Virginia who fought the battles that made the enduring shaft significant, was a studied tribute to the North and to the South. For every eulogy of the Northern men, he had an equally glowing tribute for those who fought under the stars and bars. The "Common Heritage of Heroism," was his theme. Enduring good he believed had come from the strife which had been inevitable.

In his later speech, however, when he had ceased to be the guest of Pennsylvania and had been taken in

charge by the people of the Virginian commonwealth, extemporaneously addressed a multitude which surprised the President in its size and effervescent enthusiasm. Mr. Taft, beginning in humorous vein by twitting the Governor of Virginia, Mr. Swanson, on the rare gift of being able to make four speeches in one day, suddenly became serious and for fifteen minutes held his audience in a silent and impressive attention, as he outlined in a general way his idea of citizenship which in the North and South alike should carry the country forward to permanence of prosperity and ever glorious future.

Revenue vs. Protection.

There was just a touch of politics in this latter speech, for which the President first made apology. It was a day, he declared, to forget politics. When he did lapse into the subject of partisan government, the President spoke broadly. He urged the Southern people to direct themselves toward an intelligent and healthy opposition. He believed in two opposing parties, he said, with a fighting nucleus in every State in the Union "to make the party in power to do business properly." The President turned the laugh upon a number of Southern Congressmen who were present by a comment upon the attitude of the demands in the tariff fight.

"I am not going to say," he laughingly declared, "that the tariff for revenue only and tariff for the purpose of protection are one and the same thing when they both reach the same amount. But when a Congressman from Alabama favors a \$2 tariff on lumber for revenue, and a Congressman from Washington or Oregon favors a \$2 tariff on lumber for protection, they haven't any great amount of dispute between them. Personally, I am not in favor of a \$2 tariff on lumber for any purpose. But it all means, my friends, that we are working closer and closer together along different routes. The Southern Congressmen who have been sharply criticized by their home papers for deserting the sacred principles of free trade come about as close to knowing what their constituents at home want as do the leading papers of the same community. This again is but a further illustration of the fact that we are getting together."

THE CIRCUIT COURT.

After Trying One Case Thursday, Took Recess Until June 7.

After trying one case on the civil docket Thursday, the Circuit Court took a recess at noon until 2 o'clock p. m., Monday, June 7, when the criminal docket will be resumed.

On the 7th there are two important

ant cases called, those of Davidson and Kelley and Duncan Jordan, all of whom are charged with murder.

The case disposed of Thursday was that of Mrs. Mary Jane Fielding vs. E. T. Hawthorn et al., ejectment. The case was tried by jury, and a verdict returned in favor of the plaintiff, giving her possession of the property and \$300 mesne profit.

Court Upholds Atlanta Blind Tiger Ordinance

ATLANTA, May 20.—General satisfaction was expressed by Mayor Maddox, Recorder Broyles and others with the decision of the Court of Appeals in upholding the Atlanta ordinance imposing fine and imprisonment in the stockade for keeping whiskey on hand for unlawful purposes.

The Recorder said he guessed the blind tiger folks had found out now

that his court means business and all who come before him may expect the limit of the law, \$500 and thirty days. It is generally considered that this means the end of the blind tiger, in so far as whiskey is concerned in Atlanta.

Isn't there something which only a want ad. can do for you today?

R. ROBERTS WAS A VICTIM OF HATRED

ACCORDING TO STORY RELATED TO DEPUTY BRUTON.

Man Arrested at Island Grove Alleges That Neighbors Endeavored to Intimidate Him Constantly.

There comes from Island Grove a story of a rather sensational nature, owing to the fact that Robert Roberts, a white man, charges that he is the victim of a conspiracy to get him out of the community, and that he has recently received numerous anonymous letters threatening him bodily harm if he did not "skiddoo," which he refused to do, determining to stand his ground and take the consequences.

The "consequences" were handed to Roberts like a lemon in the nature of an arrest upon the charge of carrying concealed weapons, namely, a derringer pistol. The arrest was made Wednesday by Deputy Sheriff Bruton, who was summoned by wire from Gainesville. The man was arraigned before Justice Haymans, pleaded guilty to the charge, and was sentenced to pay a fine of \$100 and costs or spend three months in the county jail.

Being unable to meet the financial requirement at the time, Roberts was brought to this city by Officer Bruton Wednesday night, but Thursday arranged to pay his fine and was released.

A Strange Story.

Roberts, who is a Canadian by birth, has been engaged in fishing on Lake Lochloosa for several months, and he related a rather sensational story of his treatment at the hands of certain parties in that vicinity. He alleges that, for some reason, these parties had harbored a dislike for him which seemed to grow into hatred, and several times he has been ordered to leave the place, by letter and otherwise, but he refused to do so. He declared that he had never been accustomed to carry a pistol, but after these threats admits that he did secure a derringer, because he believed his life in danger, and it was only for his personal safety, and not for the purpose of making an attack on anyone, that he carried the weapon.

Roberts related that on Tuesday, while he was busily engaged attending to his own business, he was approached by a deputy sheriff who drew a gun on him and commanded him to hold up his hands. Roberts refused to do so, replying that he did not propose to be searched without cause or without the authority of a warrant. He asserts that a number of friends of the officer began to close in on him, when he grabbed an oar near by and "bluffed out the whole business." It was then that the authorities in Gainesville were appealed to, with the result as stated above.

Roberts declared he has been the victim of persecution, but he was determined not to be "bluffed" by those who opposed him.

Officer Bruton states that he did not experience the slightest trouble in making the arrest, Roberts submitting without the least protest.

GENERAL PENSIONS BILL PASSED TO THIRD READING

In Senate, While House Defeated Beard Disfranchisement Measure by Vote of 38 to 20.

TALLAHASSEE, May 20.—After an all-day fight the general pensions bill was finally passed to third reading yesterday by both the House and the Senate.

The bill was amended by the Senate so as to include the First Florida Reserves and the House carried an amendment reducing the property qualification from \$5,000 to \$2,500.

Eloquent addresses were delivered in both houses.

There were some who did not desire any change in the present laws and they kept busy entering amendments all day, but they were steadily voted down and the bill went through second reading in each house with fairly little change.

Senator Humphries spoke strongly for the measure.

Senator Broome spoke against the measure and charged that it was originally prepared by Comptroller Croom and Governor Gilchrist. His address was marked by his characteristic eloquence.

Senator Dayton said the Legislature would be glad to pay all veterans' pensions if the State treasury could stand it. He defended the bill and also eulogized both the Governor and the Comptroller.

Senator Baker said that the Governor, State Treasurer and Comptroller met with the committee by his personal invitation, and asserted that

so far as he knew the bill did not originate with those officials, as they were simply asked for information.

Senator Humphries took strong exception to the remarks made by Senator Broome concerning the Governor and the Comptroller. He said he could have found out better if he had asked any other member of the committee.

Later in the session Senator Broome arose to a point of personal privilege and expressed regret if he had said anything hurtful to the feelings of any Senator.

After long debate the bill was passed to third reading.

House Kills Disfranchisement.

One of the most important actions taken by the House was the defeating of the Beard disfranchisement measure, which was up on reconsideration. The bill was defeated by a vote of 38 to 20.

The general revenue bill for 1910, 1911 was introduced in both houses. The bill as introduced is substantially the same as that of last session, the various changes to be decided upon later and made in the form of amendments.

Mr. Carter introduced a bill to protect the fish of fresh water bodies in Alachua county. Senate Bill No. 455, by Mr. McCreary, for a like purpose, was passed by the House at the night session.

Death of An Infant.

The three-days-old infant daughter of Mr. and Mrs. W. A. McNally died Thursday morning, and was buried in the afternoon, the funeral services being conducted by Rev. P. J. Lynch of St. Patrick's Catholic church.

The bereaved parents have the sympathy of their numerous friends.

Woman Says Attack Was Made by Brother-in-Law

JACKSONVILLE, Fla., May 20.—After having remained in the county hospital in an unconscious condition since last Monday afternoon, Mrs. Julia B. Green, the widow who was so brutally assaulted at her home in East Lewisville, regained consciousness yesterday morning and before Dr. Claude Joyner, Lieutenant Frederick Roach, of the police department, the matron of the hospital and a colored nurse, made a statement regarding the assault, claiming that the blow was struck by her brother-in-law, John T. Wilford, who now occupies a cell at police headquarters, he having been arrested Tuesday on suspicion.

Although Mrs. Green hesitated and appeared unwilling to make a statement, she said, according to those who were present, that she was afraid that if she did tell that the police would harm the one who assaulted her. Upon a promise that no harm should come to the guilty party, Mrs. Green said, "Well, Wilford struck me."

Lieut. Roach then asked her what was the cause of the assault and Mrs. Green replied that she would not do what Wilford wanted her to do and

he struck her. She then asked for a drink of water and after receiving it, asked for her baby. When told that Wilford had taken the baby, she seemed much excited and asked that the baby be brought to her, as she feared Wilford would do it harm. She was told that Wilford had taken the baby to his wife's home, and then she seemed satisfied.

Previous to the statement made to Lieut. Roach, Mrs. Green had told Dr. Claude Joyner that Wilford struck the blow.

Shortly after Mrs. Green had made her statement, Lieut. Roach telephoned the substance of her statement to police headquarters and, in the presence of two newspaper representatives and Sergt. David S. Walker of the police department, Wilford still denied his guilt.

"The woman cannot be in her right mind," said Wilford, "or she would not have made such a statement. The first I heard of the assault was when I was told by the police. I firmly believe that if my sister-in-law regains her right mind she will exonerate me of all blame. If I was guilty of the crime I would certainly say so and relieve myself of this strain."

NEWS OF CITY AND COUNTY CONDENSED

G. L. Thompson left yesterday for Live Oak, having been summoned on account of the serious illness of his brother, J. P. Thompson. It is hoped he found the condition of the patient improved. The latter is well-known here, having resided in this city several years ago.

WOMAN, LOVELY WOMAN

But Alas, Without Beautiful Hair No Woman Can Be Handsome.

A great many newspapers and magazines are printing pages on how a woman can be beautiful and keep beautiful.

And everyone, as you can see for yourself, admits that no woman can be really beautiful unless she has lustrous and luxuriant hair.

The women of Paris are, as a rule, beautiful and keep beautiful, and a careful American observer who has traveled much claims that their beauty is due to their knowledge of how to keep their hair luxuriant, which they do by using a superior hair tonic.

Many American women are as wise as their French sisters, and that is why Parisian Sage, the quick-acting and greatest of all hair restorers and tonics is now having such a tremendous sale in America.

We ask every woman reader of this paper to give this marvelous hair beautifier a thorough trial, and we gladly make them this liberal offer:

Get a 50-cent bottle from W. M. Johnson today, the largest for the money in America. Use it as directed for two weeks. If at the end of that time you are not satisfied with results, say so to W. M. Johnson and he will give you your money back.

Besides being a delightful and invigorating hair dressing, free from grease and stickiness, Parisian Sage will surely cure dandruff, stop falling hair and itching of the scalp, or money back.

The girl with the auburn hair is on every package, and leading druggists in every town sell Parisian Sage.

Miss Hampton's Concert.

There were several hundred present at the sacred concert given by Miss Clem Hampton at the Leon Hotel on Sunday afternoon. The program, arranged by Miss Hampton complimentary to the members of the Legislature, was composed of numbers that were enjoyed by the large gathering present. Those who rendered music, both vocal and instrumental, had been heard in Tallahassee on previous occasions and are the best talent the city affords. To Miss Hampton is due much praise for the pleasure given.—Tallahassee Morning News.

MOSE AND THE LAWN.

Faithful Janitor at Court House Keeps Grounds in Good Condition.

Notwithstanding the fact that Moses Sherman, the faithful janitor at the court house, has had his hands full for the past three weeks, owing to the session of the court, he has not neglected his work on the lawns and shrubbery around the premises, with the result that everything is looking pretty and green, despite the continued drought.

The Leading Lard Packer Says:

"Leaf is the cream of lards. There is not enough of it to supply one-tenth of the people."

Here is a frank admission from the leading lard packer that nine-tenths of the people are using other than leaf-lard—the only lard that is even safe. So you see what a chance you have of getting purity when you buy lard. You are simply taking chances on a hog-fat product of disreputable ancestors and doubtful cleanliness.

On the other hand when you buy *Cottolene* you get a pure vegetable product. It is better and healthier than lard because its source is clean—its process of manufacture is clean, and it is marketed in clean, air-tight cans that shut out all odors and contamination.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

THE GOVERNMENT BUILDING.

Large Force of Workmen Now Engaged in Making Excavations.

Work on the excavations for the foundation of the new Government building is progressing rapidly, a force of fifteen or eighteen men now being employed in the work. This force is preparing excavations preparatory to laying the cement, which will be followed by the steel structure, when the work of brick laying will begin.

The contractors, the King Lumber Company of Virginia, expect to materially increase the force as soon as the condition of construction will permit, and will have the building ready for occupation within the time prescribed by the contract, which is June, 1910.

The work is being personally superintended so far by a member of the firm, and it is probable that he will remain here for several months, until the building is well under way.

Notice to the Public.

The Gainesville Dairy, Geo. T. Estabrook, proprietor, desires to announce that all milch cows of this dairy have been thoroughly tested by an officer of the State Board of Health, appointed especially for this purpose, and found to be in a perfectly healthy condition. All were tested with tuberculin toxin, the regular test, and were found to be perfectly free from any degree of tuberculosis, or any possibility of contracting same.

This official also made a thorough inspection of the dairy, and found same in a clean and sanitary condition. All milk vessels, including bottles, are thoroughly sterilized each day, which adds much to the cleanliness of the dairy.

GAINESVILLE, FLORIDA

DISTRICT NO. 1 BELIEVES IN ROADS

ELECTION FOR TRUSTEES AND SUB-ROAD TAX HELD.

Not Only Are the People of Micanopy
Enthusiastic Over This Question,
But Others Also.

Whoever labors under the hallucination that Micanopy is a "dead one" has another think, for the progressive people of that old town—and there are many—are determined not only to keep up with the times, but to go her sister towns a little better.

It is interesting to know that Micanopy was the first town in the county to agitate the sub-road district, with the result that it was the first district of that kind created, the citizens of the district voting almost solidly for the creation of same, because they realized the advantages afforded by hard-surfaced roads.

And now they are glad they took this stand, as other communities followed, and today Alachua county has as many miles of hard road as any county in the State, considering the time she has taken to build them. District No. 1 is in a large measure responsible for this condition of affairs, and the progressive citizenship of that district deserves to be congratulated.

Another election for trustees of the district, and to determine the millage tax for road purposes, was held Tuesday, at which time Dr. H. L. Montgomery, R. C. Evans and M. J. Ward were elected trustees, and it was almost a unanimous vote to make the levy five mills.

Other Improvements.

Other improvements are contemplated in Micanopy proper, one of the most important of which is the installation of an up-to-date electric light plant. This plant, which will be erected by J. R. Allison of Abbeville, Ga., will prove of great benefit to the town. The council at a recent meeting decided to take street lights, and the promoter will be granted all reasonable privileges. Citizens are subscribing to lights liberally, and indications are that Micanopy will soon emerge from the darkness which has overhung the town since it occupied a place on the map.

DON'T EXPERIMENT

You Will Make No Mistake if You
Follow This Advice.

Never neglect your kidneys.
If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in this vicinity.

Can Gainesville residents demand further proof than that contained in the following testimonial?

Oscar Osterman, of Starke, Fla., says: "I give Doan's Kidney Pills my highest recommendation as they proved of more benefit to me than any other remedy I had previously used. I suffered from kidney trouble for some time. The kidney secretions were too frequent in passage and I was forced to arise from six to eight times during the night. I also had backache and was bothered by a pain through my loins. I finally procured Doan's Kidney Pills and they soon helped me. By the time I had taken the contents of two boxes, the backaches and pains entirely disappeared and the passages of the kidney secretions soon became regular. I now feel fifty per cent better than before in a long time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NEW TIMBER CRUISERS.

Messrs. Hamilton and Wood Have
Been Assigned to Duty Here.

The General Land Office Division of Captain A. Paul in this city is being increased, as has been mentioned before. This is necessitated by the increase in business in this division, which is one of the largest and best in this branch of the service.

The latest arrivals are Thos. Hamilton of Hampton, S. C., and Wm. C. Wood of Norfolk, Va., who were recently appointed and assigned to this division. Both are young men of pleasing manner and address, and will no doubt fill their respective important positions with credit and efficiency.

Messrs. Jesse B. Chatterton of Denver, Colorado, and Jesse A. DeMey of New York have also been assigned to this division, and are expected in a few days.

SLAUGHTER WAS RELEASED.

Alleged Defaulting Former Marshal
of Newberry Out Under Bond.

News reached this city Thursday to the effect that C. H. Slaughter, the alleged embezzler of funds while acting as marshal of the town of Newberry, was arraigned before Justice Carter Wednesday, and was released under bond for his appearance before the grand jury at the fall term of the Circuit Court.

Slaughter was arrested by Deputy Sheriff George Wynn near Newberry Saturday, and remained in custody until his preliminary hearing Wednesday.

WAITS—WALLACE.

On Tuesday, the 11th of May, Mr. William Elliott Waits of Hawthorn and Miss Ruby Legare Wallace of Johnson were united in marriage at the beautiful home of the bride's uncle, Col. Raymond Cay, on Riverside avenue, Jacksonville. The ceremony was performed by Rev. Stricker of the Episcopal church.

Promptly at 12 o'clock the happy couple entered the parlor to the strains of Mendelssohn's Wedding March played by Mrs. Dr. Taylor of Jacksonville, and immediately after the ceremony the guests were all invited into the dining-room where a sumptuous dinner was served, after which the bride and groom, accompanied by friends and relatives, entered automobiles and proceeded to the dock, where, amid showers of rice and good wishes, Mr. and Mrs. Waits left on the steamer "City of Jacksonville" for Sanford and other points on the East Coast.

Mr. and Mrs. Waits will be at home to their friends at Moore's Hotel, Hawthorn, after June 1st.

MANY PRISONERS WERE TAKEN AWAY

CONVICTED AT PRESENT TERM FOR VARIOUS OFFENSES.

Attracted Considerable Attention as
They Were Marched to Station
Handcuffed in Pairs.

The prisoners convicted of various offenses during the present term of the Circuit Court were taken Thursday to the county and State prisons, where they will be required to serve their respective terms unless escape, the pardoning board or death relieves them.

The prisoners attracted a great deal of attention as they were marched to the station handcuffed in pairs, and for several minutes before going aboard the train were the center of curiosity, especially since there was "a woman in the case."

As is always the case, some of the prisoners took their fate very hard, and were visibly emotional, while others looked upon the situation as a matter of course, and appeared content.

The list of prisoners, with their sentences, was as follows:

Edward Parker, selling liquor, four months, county, hard labor; Lydia Drake, selling liquor, 8 months, county, hard labor; Silas Perkins, manslaughter, ten years, State, hard labor; Henry Richard, manslaughter, ten years, State, hard labor; David Walker, assault with intent to commit manslaughter, three years, State, hard labor; Chas. Trapp, manslaughter, five years, State, hard labor; Will Sparks, assault with intent to rape, seven years, State, hard labor.

The State prisoners were in charge of State Convict Agent Bridges, and were taken to Rawls & Co., Ocala, while those sentenced for less than one year were sent to Perry, where they will be leased to naval stores operators.

NEGROES FORCED TO LEAVE ENGINES

ONE CALLED FROM TRAIN AND GIVEN SEVERE BEATING.

Strike of Georgia Railroad White Firemen May Spread to Other Roads.

AUGUSTA, May 20.—There have been acts of violence on the Georgia Railroad. Firemen on freight trains have been beaten and intimidated. Firemen on mail trains on the Athens and Macon branches have been intimidated and mails delayed. The railroad has formally made complaints as to the latter to the post-office department and to the respective United States district attorneys in the districts wherein the two branch lines lie.

The road has also instructed its attorneys, in instances where interstate freight has been interfered with, to proceed in the Federal courts against those responsible.

At Thomson last night a negro flagman, in response to a demonstration by an angry crowd, left his engine. The mayor there promises protection for future trains.

At Dearing Tuesday night, William Parker, a negro fireman, was called from his engine by a number of white men, taken behind a store and severely beaten. As to the latter case, the railroad has offered \$500 reward for proof to convict the guilty parties. With the exception of one local freight every train was moving all right last night.

Train Service in Bad Shape.

MACON, Ga., May 20.—Trains on the Georgia Railroad have been very badly tied up in Macon as a result of the strike of white firemen. The passenger train due here shortly after 11 a. m. came after 2 o'clock. The freight situation is said to be much worse than the passenger service.

L. & N. May Feel the Strike.

ATLANTA, May 20.—There is a strong probability according to a report in circulation here of the strike of the firemen on the Georgia Railroad extending to the Louisville and Nashville. The L. and N. is half lessee of the Georgia.

The officials of the firemen deny that steps have been taken against any other line but declares the strike against the Georgia will be fought to the limit. Georgia Railroad officials say the strikers' places have been practically all filled.

ASTHMA AND HAY FEVER WILL VANISH.

Everybody knows that Hyomei cures catarrh. But there are many sufferers from asthma and hay fever who don't know that Hyomei will give them instant relief and if used regularly permanent cure.

But J. W. McCollum & Co. know so well what Hyomei will do that they guarantee it to cure catarrh, hay fever and asthma or money back.

Surely it's worth a trial on that basis and why people continue to choke and wheeze and spit and hawk and snuffle when a certain cure is at hand is beyond the comprehension of human intelligence.

When you breathe Hyomei deep into your lungs you breathe exactly the same pleasant antiseptic balmy air that you would breathe in the forests of pine and eucalyptus of inland Australia.

"Doctoring and remedies never helped my hay fever, till I used Hyomei. It gave me great relief, and has my unqualified endorsement."—Louis A. Grove, Flint, Mich.

Complete Hyomei outfit is only \$1.00, and extra bottles 50 cents. A Hyomei outfit consists of a bottle of Hyomei, a hard rubber inhaler, medicine dropper and full instructions for use. Just breathe it in and get immediate relief.

MI-ONA Cures Indigestion

FOLEY'S HONEY AND TAR stops the cough and heals the lung.

THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill. — "I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALVENA SPEERLING, 11 Langdon Street, Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

CARD FROM MR. HENDERSON.

Advises Growers to Purchase Stock of Florida Nurseries Only.

Editor Sun: I feel that it is my duty to warn the people of Gainesville and Alachua county against buying fruit trees from any nursery or agent of any nursery outside of the State. I have been handling and planting fruit trees in Florida for fifteen years, and have had as much and varied experience, perhaps, as any man in the State, and I say without hesitation or fear of successful contradiction, that money spent for most kinds of fruit trees grown outside of the State is worse than thrown away. Especially is this true of peaches and plums. None of the varieties of peach grown in Georgia, or north of there, will produce a single crop of fruit here, and only a few of the plums grown there are worth anything here. And besides being worthless, their agents sell peach trees and plum trees at from 50c to \$1 each, when you can get them perfectly adapted to our soil and climate for 15 cents each or \$10 per 100 from any of our home nurseries, of which there are several that are perfectly reliable.

If tree planters will just remember this one principle, viz: that peaches, plums, Japan persimmons, apples, most varieties of bunch grapes, pears, and many other fruits and nearly all of the fine roses must be budded or grafted on native Florida roots to succeed, much money would be saved to the people of the State and better fruit and more flowers would be the result.

Their agents usually guarantee anything you ask them to, but what is their guarantee worth? Nothing at all.

If by writing this I can save even a few men from being humbugged, I shall feel well paid.

F. P. HENDERSON, Gainesville, May 17, 1909.

What He Wanted
Young Mr. Charles was plainly embarrassed, and Miss Smith knew what was coming, or thought she did. "Er—Miss Smith," he said feverishly "could I—er—see your father for a moment or two?"

"Certainly, Mr. Charles!" And, excusing herself, she swept from the parlor. Presently the old man came in, and, after a short conversation with Mr. Charles, he stepped to the door and summoned his daughter.

Mr. Charles, whose face was radiant, said, "As I have a long ride before me I think I will say good night."

"Oh, papa," pleaded the girl immediately her lover disappeared, "did he—did you?"

"I did," broke in the old man. His daughter fell on his neck and kissed him. He held her at arm's length.

"I did," he repeated. "I lent him fourpence to get home with—that was what he wanted me for"—London Mail.

"Why is it, professor," asked the young man with the bad eye, "that when Christopher Columbus discovered this country he didn't settle down and stay here?"

"Doubtless you are aware, my young friend," answered the professor, "that the Spanish form of his name was Cristoval Colon?"

"Yes, sir." "Well, a colon does not mean a full stop. We will return now, young gentlemen, to the consideration of the lesson."—Exchange.

Letting Him Down Easy.

A young man of very limited means after the marriage ceremony presented to the minister 27 cents, all spread out on the palm of his right hand. "This is all I've got, parson," he said. Seeing a disappointed look in the minister's face, he added, "If we have any children we will send them to your Sunday school."—Success Magazine.

A Smile

Is a pretty hard thing to accomplish when you're blue, bilious and out of sorts. There is a sure cure for all kinds of stomach and liver complaints—constipation and dyspepsia. Ballard's Herbine is mild, yet absolutely effective in all cases. Price 50 cents per bottle. Sold by W. M. Johnson.

Make Friends.

There is nothing so healthy as plenty of human nature about one, young, old and middle aged. When we stay at home too much or associate entirely with a very limited circle we lose the proper sense of perspective. The few individuals whom we like assume giant proportions in our thoughts and the rest of the world recedes.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.
